

Families will Learn About Adolescent Brain Development & the Impact of Substance Use has on the Developing Brain

Substance Abuse Panel Discussion

Join us to hear the courageous, heartfelt, and compelling stories of people with lived experience about how substance use impacted their lives.

This presentation will address:

- Effective ways to talk with young people about their substance use
- How to get help and support for substance use for young people and their families here in CT
- Hear from people with lived experience

When: Tuesday, May 29th
from 6:00 PM-7:30 PM

Where: Horace W. Porter School
3 Schoolhouse Rd
Columbia, CT 06237

Presentation facilitated by Mary Painter, Department of Children and Family Director of the Office of Intimate Partner Violence & Substance Use Treatment & Recovery, an expert in the field with over 20 years of experience.
