

March is BoE Appreciation Month

The Columbia School District staff and community would like to extend sincerest thanks to all our Board of Education members for their hard work and dedication on behalf of our students.

Board of Education members are our neighbors and friends. They are volunteers who give many hours of their time each year in meetings and attending events. They are responsible for developing and maintaining policy, ensuring that our budget is fiscally responsible and that it reflects the needs of our students. At times they serve as contract negotiators and provide counsel and direction to district and school administrators. They are the voice of the entire community, advocating for rigorous and comprehensive programs.

Please join me in recognizing these dedicated individuals and thanking them for their service.

James Chakulski

David Crim

Linette Dooley

Lisa Napolitano

Kathy Tolsdorf

Karin Vertefeuille
