

Youth Paint Nights

MEET OUR ARTIST: ANN MARIE

Ann Marie Drury studied at the Art Institute of Boston at Lesley University and Central Connecticut State University, earning her Bachelor of Fine Arts with a concentration in Illustration. Her work explores the relationships between nature, the shapes and colors found in it, and the emotions it draws from within.

Born and raised in Connecticut, Ann Marie loves the changing of the seasons. The paintings and drawings she creates are direct responses to the environment around her.
